

EELP LIGHTING WARRANTY

Any component of our lighting products that fails, due to a manufacturing defect, will be replaced at no cost within 1 year of the invoice date. Replacements will be for the failed component or a new unit at EELP Lighting's discretion. All defective units are subject to manufacture's testing. Should any failed units be found to be defective from misuse, improper installation, or faulty wiring, the customer will be charged for the replacement.

To activate the warranty, the product must be installed and maintained properly.

Under no circumstances will EELP Lighting be responsible for back charges of any kind, including, without limitation, labor charges, equipment rental fees or late penalties unless prior approval has been given.

Damaged products must be reported to EELP Lighting, in writing, within 10 days of the invoice date.

*This warranty statement supersedes all previous warranties (042409)
