The Grind

Provided by EELP, Inc.

OCTOBER 8TH, 2009

We regret to inform you that the
AL3 & AL4
are
NO LONGER AVAILABLE

Our die cast vendor has made an agreement with Genlyte to no longer sell this housing in the United States.

We can still supply this fixture for any export orders. This housing is available to us for sale overseas.

We apologize for any inconvenience this may cause, but it is out of our control.

EELP Lighting is Green

In accordance with the Energy Act passed by Congress, we want to remind you that we offer PULSE START BALLASTS

for all our Metal Halide fixtures

**We will continue to offer fixtures with probe start ballast until
all stock is depleted**

**Please be sure to check availability when quoting probe start
units**

**Our new price sheet will include pulse start fixtures as well as
several newer products not currently on our price sheet**

**Our part #'s will change from "M" for metal halide to "P" for pulse
start for wattages 175 and over**

**OUR CATALOG IS AVAILABLE FOR DOWNLOAD ALONG WITH A
NEW INDEX PAGE**
